

ELLERMAN HOUSE

THE CLICK FOUNDATION & TOWNSHIP TOUR

THE CLICK FOUNDATION

Visit 2 Schools

The Click Foundation was established in 2012 to find ways of using technology in education to pursue outcomes-based interventions that can meaningfully impact learners. The Foundation believes that, through effective implementation, technology can shift the paradigm and make a significant impact in an efficient, cost effective and scalable manner.

The primary focus of The Click Foundation is the implementation of an online phonetics based English literacy programme. The programme offers learners the opportunity to work at their own pace through fun and enjoyable activities, navigating their learning journey by means of technology. Through these interventions, the Click Foundation has also created employment opportunities for over 100 members of local communities and has trained and upskilled over 500 principals, teachers and facilitators. More recently they have also begun piloting various maths programmes.

JAZZ & LOCAL CUISINE

The next stop is in the Native Yards, NY 139 Gugulethu where A South African legendary Jazz artist and his band with perform some great original Cape and South African jazz tracks whilst enjoying South African local beer and dishes.

Please note that a percentage of the proceeds from this tour will be donated to The Click Foundation. Should you wish to make any further donations, please contact our concierge team on concierge@ellerman.co.za.
